SHOPPENAGON INN'S NEW ANNEX

17 ROOMS ADDED TO THIS POPULAR HOSTELRY.

Monday marked the opening day of the new Shoppenagon Inn Annex, located directly back of this well known hotel. It is complete with 17 rooms, nearly all of which are equipped with hot and cold running water. The rooms are of good size, with hardwood floors, and with new furnishings of mahogany finish. Each room is furnished with comfortable bed, dresser and chairs.

On the first floor there is a large reception room. Back of this is a suite of rooms that will be occupied by Manager Thos. Cassidy and his family. A long hall runs full length of the building both downstairs and upstairs, making easy access to the rooms.

The rooms will be electric lighted and steam heated and will always be comfortable and cozy. This new enterprise is the property of Mr. Cassidy personally and he is deserving of great credit for his enterprise. With these added facilities to our ho-

tel accommodations Grayling will be able to care for many visitors, and do so to their entire satisfaction. And there is no reason why this town should not be able to entertain good size conventions either in summer or winter. We have the hotel conveniences and places of interest that should be very attractive for convention purposes. We heartily congratulate Mr. Cassidy for his splendid efforts and feel assured that the public will join us in wishing him success.

BURROWS MARKET BETTER THAN EVER

Interior Remodeled and Painted and Electric Power Installed.

It is an ill wind that blows nobody good and the blaze that gutted the interior of the Burrows market has made it possible to completely remodel the interior of the building making it more convenient of operation and up-to-date in sanitation.

The work rooms have all been rebuilt and nicely painted, and new modern machinery has been installed. And now, instead of a noisy, dirty gas engine for supplying power there is a fine new electric motor that is ready to start with the turn of a button. This is now one of the nicest markets in this part of the State, and the owner is to be congratulated upon his enterprise.

TEACHERS' EXAMINATIONS AUGUST 8, 9, 10 and 11.

The regular examination of the teachers of Crawford County will be held in the Court House in Grayling August 8, 9, 10 and 11. During this time candidates may write for Third, Second and First grade certificates. The law gives those teachers the privilege of writing on Wednesday who on account of their religious belief are opposed to writing on Saturday.

John W. Payne, Comm'r. of Schools.

TIDD SLAYER TAKEN IN GRAYLING

SPENT NIGHT IN RESERVATION HILLS.

Says He Don't Remember Having Shot Tidd. Was Dope Fiend.

Bruce Williams who was alleged to have killed Ernest F. Tidd, a Sharon hotel keeper, Tuesday night, July 24, was captured Friday night, by Sheriff Jorgenson and Undersheriff Cody and Constable LaChapelle near Portage Lake Junction, about three miles west of Grayling.

Word had been passed out that Williams had started in the direction toward Grayling and local officers were on the look out for him. He was seen in Riverview Wednesday and was also in Grayling the same day and it was believed that he had left on a north-bound train that day and might get across the channel into Canada, and there would probably be little chance of getting him soon.

However Williams surprised the local officers when he was seen hitting the ties of the branch railroad leading from the Manistee & Northeastern railroad to the military camp. He passed Collins' pavilion at about five p.m. He answered the description of Williams and Sheriff Jorgenson was telephoned. As Williams was reported to be heavily armed the Sheriff picked a posse of officers and went prepared for trouble.

Undersheriff Ralph Hanna and Ben Yoder went to Collins' resort and followed the railroad track leading toward the junction while Sheriff Jorgenson and Undersheriff Cody and Constable LaChapelle walked out on the Manistee tracks from the depot until they came across the Section crew and there commanded the speed car that is used by the section men and were soon at the Y. Hardly had they left the car when they discovered Williams coming around the section house, that is used by the section men for storing tools and supplies. He was under cover of Cody's

revolver before he knew the officers were about. He admitted that his name was Williams but claimed that he did not know anything about killing Tidd. He was arrested and brot to the county jail.

When arrested he had no firearms nor weapons of any kind and seemed to welcome arrest. He appeared in an exhausted condition and efforts to question him brot out no information.

A representative of the AVA-LANCHE interviewed Williams the following day in jail and learned considerable of his past history. He is an ex-service man, entering the draft at Alma and the service at Camp Custer. After a brief time in camp he was transported overseas and he says that he was placed with the Horse section of the 87th Division. Later he was transferred to the tractor section. He took part in engagements at the Argonne, St. Mihiel and Soissons and finished with the army of occupation at Coblenz. In all he was in service 14 months.

Williams says he was born somewhere in southern Michigan but could not remember the name of the place. In his early years he says he attended a Catholic school in Saginaw. He left school at the age of 13 years. At the age of 15 years he says he became addicted to the use of morphine. This habit continued up to this time except the time he was in the army. When asked where he obtained morphine during the time he worked for Tidd in Sharon he replied that a certain man in Saginaw came through periodically with supplies. Added to this habit he said that he also drank moonshine considerably. He admitted that either habit was bad enough but with both it was "hell." He said he was under the influence of morphine the day he was reported to have killed Tidd and also that he had been drinking pretty heavy, and that he had a supply of morphine with him until the morning of the day he was arrested, when the supply ran out and he lost his "needle."

He says he does not remember of having any trouble with Tidd, but says the latter borrowed \$300 from him that he received in bonus from the State, and that he did not seem to want to return it. Otherwise he said everything was alright.

His father, George Williams, he said, is serving time in Ionia prison for selling moonshine. His mother resides in Merrill, Mich., and he has a sister, Mrs. J. Allen, residing at 111 Chandler avenue in Bay City. Sheriff Beaver and his son, a deputy, arrived Saturday morning and took Williams to the jail in Kalkaska to await trial in circuit court.

NEW LAUNDRY READY FOR OPERATION

Will Handle Family Washings and Flat Work at First.

Postmaster Holger F. Peterson, who is also manager of Grayling's new laundry, has been busy for the past couple of weeks getting machinery installed. This is located in the former Geo. Mahon residence at the corner of Lake and Maple streets.

He says everything is now ready for business and operations are already under way. They've a complete plant in every way and will be able to turn out first class work. Nothing but family washings and flat work will be handled at first but later every branch of the laundry work will be handled, together with dry cleaning.

A laundry in Grayling has long been a necessity and we are sure that with turning out good work the new firm is going to get every bit of patronage this town can supply; and also there is a large territory contiguous to Grayling that will gladly send their patronage this way.

Patrons of laundries have each year spent hundreds of dollars in payment of express charges in sending their work to out-of-town laundries. These expenses are all charged to the patrons and it will mean a nice saving to Grayling families each year when this cost may be eliminated.

We bespeak for the new enterprise unbounded success and trust that everyone will help to boost this much needed institution.

FARMERS' PICNIC SATURDAY AUGUST 18 AT CHARLES CORWIN FARM.

Crawford County Grange No. 934, will hold their annual picnic at Oak Grove Farm on Saturday, August 18, at the home of Charles Corwin.

Everybody is invited; the farmers are invited to come and meet each other, and those that are not farmers are invited to come and meet the man who helps feed the world.

A good lively program is being prepared. There will be a ball game between the married and single men, tug of war and races of all kinds. But the best part will be the picnic dinner which will be at noon, (sharp) where you can enjoy the other fellows' eats. So everybody bring a full basket of good things to eat, supper will also be served for those who wish to stay for the dance which ends a big day. Coffee, cream and sugar will be served free.

The officers and members of the Farm Bureau with their families are given a special invitation to come. 7-26-4. Committee.

FOR SALE

20 room hotel in factory district furnished complete, good business, \$5,000 down, balance on easy terms. For particulars inquire at Hotel, 501 N. Hamilton Street, Hotel Price, Saginaw, Michigan.

NEW IMPROVEMENTS AT MILITARY CAMP

TROOPS TO ARRIVE SATURDAY MORNING.

Six Advance Detachments Arrived This Morning.

When the Michigan National Guard arrive at the Hanson State Military reservation near Grayling, August 4th the officers and men will find the big camp fully prepared to receive them and to care for them throughout the training period. For several weeks past a large force of men have been busy getting the grounds and buildings in order.

The old officers and men who are familiar with the place will find a number of new features that will greatly facilitate handling the troops and supplies—many new conveniences and comforts.

A 480 foot loading dock has been constructed beside the railroad track. This consists of reinforced concrete wall, filled in on one side with cinders so that wheel outfits, artillery, cavalry, etc., may be easily unloaded.

The new division headquarters are receiving their finishing touches. These are located east of the former brigade headquarters at the highest point along the camp grounds and commands a fine view of the camp and Lake Margrethe. Besides the quarters for the officers there is a fine large mess shack, fully equipped with tables, chairs, large refrigerator, stove and necessary kitchen utensils. There is also a building equipped with shower baths and toilets. The buildings and grounds are electric lighted and water is supplied from an independent water system.

Near the old brigade headquarters there has been built a new mess shack for the Headquarters company. Three new kitchens have been built for the Medical regiment, and ten new kitchens for the 119th Field Artillery. These latter are located near the west end of the camp. About a half mile of gravel road has been built along the line of company kitchens.

The target range has been undergoing a lot of repairs and contract has been let for the construction of a new ammunition building to replace the one that was destroyed by lightning and fire last spring.

The grounds are in fine condition and during the last few days men have been busy cutting the grass on the drill and parade grounds.

All these things have been accomplished since about July 1st. Lieut. Col. Leroy Pearson and his staff of assistants have been here for the past couple of weeks looking after the work. The former says that besides the advance detachments that will arrive on regular trains, thirteen special trains will be required for transporting the troops and their equipment from their home stations.

Six advance detachments are scheduled to arrive in camp Thursday morning. Everything else, except the field artillery and cavalry, is scheduled to arrive Saturday morning, August 4th. The Field Artillery and Cavalry are scheduled to arrive August 8th.

One feature this year that the guard hasn't had since the war, said Col. Pearson, is that the cavalry will be fully equipped with horses. There will also be horses for the field artillery and for such infantry officers as may require them. All provisions and supplies are on hand except fresh meats which will arrive in due time for the troops.

Col. Leroy Pearson announces that parking places will be provided for anyone wishing to drive to the camp and witness the unloading of the troops Saturday morning. At this time the highways will be in use for the hauling of supplies and it will be necessary to keep them open for use of the troops, supply wagons etc.

Board of Trade Invited.

Mr. Schumann, the Board of Trade members are always telling about helping the farmers. Now here is a good chance for them to prove just what they are willing to do for Mr. Farmer.

Help us make this picnic a success. Send someone to give a talk which will help the farmer poor or rich—alike.

The members and their families are invited for the day; some think the town people feel above the farmer and that is the reason no invitation has been sent specially to the Board of Trade members, ever before, or anyone else. But I am sending a special invitation to everybody in Grayling, and in fact all over the county, also Roscommon County. Last year when we had our picnic, there was a big blow out in town for the soldiers and it hurt our picnic.

The Grange picnic is about the only picnic held in this county, and there is no reason under the sun why everybody can't pull for the whole county, other counties have big get-together picnics which do some good.

But here, is just a few farmers who get together every year for a good time and try to keep the picnic going with no help only from a few Grangers.

Such things should interest the town people and business men as well as the farmer.

So if you people in town want to show that you are willing to come half way to keep Crawford County on the Map, now is your chance, as we certainly won't feel like asking you to help us again.

Before you buy any car, see the STUDEBAKER 1924 MODELS

Studebaker presents its complete line of 1924 models, announced a week ago, with the conviction that they will increase the prestige of the name Studebaker which, for 71 years, has stood for the best in transportation, quality and value of product.

Into these 1924 cars are built every proved feature in design that makes for the comfort, convenience and safety of passengers, and many refinements that further enhance the value of a line of cars already highly perfected.

It is common knowledge in the steel industry that Studebaker uses only the highest grades of the finest steels. And the same is true of the electrical equipment, instruments, bearings, batteries, upholstery, finishing paints, tires and accessories used in Studebaker cars.

It is equally well known that Studebaker, with \$90,000,000 of actual net assets, including \$45,000,000 of plant facilities, is unsurpassed in ability and

resources to manufacture economically and give maximum intrinsic value for a given price.

Produced under these favorable conditions, the 1924 Studebakers are distinctly the finest cars and greatest values Studebaker ever offered.

These are not careless statements. They are facts that reflect the honesty and integrity of the manufacturer and its product just as they do the truth of Studebaker advertising.

The public has placed its confidence in Studebaker by accepting these facts, supported by the performance of Studebaker cars in owners' use. That's why Studebaker sales for the past six years have increased progressively each year and sales for the first six months of 1923 of 81,880 cars broke all six months' records.

Studebaker never cheapens quality to meet competition. The name Studebaker stands for satisfaction and service.

THE FLAVOR LASTS

ONE CROP THAT NEVER FAILS

Drought or Locusts, Fire or Flood, the Tax Collector is Sure to Arrive on Time.

Roberts was having to wait over in a small village for a train connection and was trying to pass the time by visiting some of the natives.

"Nice little town you have here," he remarked to an elderly man.

"Well, I suppose so," the native admitted.

"Looks like it might be a good country around about here," Roberts continued.

"Well, yes, I guess so."

"What does good farm land sell for around here?"

"More 'an it's worth!" the old man answered, a twinkle in his eye, and yet, withal, serious.

Roberts laughed.

"Is the land very fertile?"

"Oh, yes—tolerable!" the old man assured him. "It will grow a crop nigh on to every year, and the taxes never fail."

CHAMPION SARAZEN SHOWS CADDIES FEW FANCY SHOTS

Gene Sarazen, national open and professional golf champion, is seen showing the caddies at the Sleepy Hollow (N. Y.) golf club a few shots. The caddies had their hands full for they carried the bag for more than 250 father and son teams entered in the annual Pater et Filius golf tournament.

Noisiest Ball Fan

Baltimore boasts of the noisiest baseball rooster. Armed with an auto horn he invades the Oriole ball park and does his loudest, to disconcert the visiting pitcher or batter at a critical moment. Recently he became so boisterous that the manager of the Buffalo team sent an official protest to President Toole of the International league. The executive sent word to his umpires to see that the auto horn was not rested atop the visiting players' dugout.

Benton Doing Well

Rube Benton, southpaw pitcher for the Cincinnati Reds, who experienced much difficulty in securing his reinstatement in the National league this spring, has finally found himself and is pitching the best ball of his career.

Burns Made Very Modest

Start With McGrawites

George Burns, former Star center-fielder of the New York Giants, and now with the Cincinnati Reds, battled 050 in his first year with the Giants back in 1911. He came up from Utica in the New York State league toward the end of the season and got into six games with the Giants, going to bat 17 times. He made only one hit, but scored two runs. He has been hard to stop since.

NOTES OF THE DIAMOND

Our pitchers seem to mean well, but feebly.

Wade Killefer denies with some heat that he is dissatisfied with his investment in the Seattle club and would like to sell.

Fans of St. Paul have started a movement to raise a fund to be presented to the players of the American association team if the pennant is landed for St. Paul this year.

Scout Charley Stiles of the Phillies liked Pitcher Tony Welzer of Muskegon so well that he offered \$3,000 for him on behalf of the Philadelphia club, but the Muskegon management refused.

Pitcher Fred Reynolds, with Ionia in the Central league last year and sold to Decatur in the Three-I, which released him, is to get back in his old territory with Grand Rapids.

Manager Lee Fohl says the best way to break the Yankees is for some team to challenge their lead. He thinks the Yankees can't stand close competition, yet they seemed to get through well enough last season when the Browns ran them nose and nose to the wire.

The Elmira club of the New York-Pennsylvania league has released Al Howie. He joined the club as a pitcher, was put on first base because he couldn't make good at that was let out.

This must have been interesting—two old-timers like Jim Scott and George Foster in a 1 to 0 pitching duel. That is what happened at Los Angeles. Foster for Vernon, was the winner over Scott for San Francisco. Thus do the coasters develop young talent for future needs.

Chester Guppy, bought by Connie Mack last fall from Moline of the Three-I league and turned over to Earl Mack's Martinsburg team, is out of it with a broken collar bone and has returned to his home in Bartonville, Ill.

MANAGER PAT MORAN HAS MANY TWIRLERS

Red Pitchers Adept at Every Style of Delivery.

"We have one great asset in our pitching staff," says Pat Moran, manager of the Cincinnati Reds, "and that is the Cincinnati Reds, 'and that is different styles of deliveries. I don't ever remember seeing so many different methods of pitching in my whole career. A club that can send in pitchers of varying styles has a big advantage over teams whose pitchers seem to be made in the same mold."

"The champion Cubs had it over all competitors in this respect. Brown's delivery was utterly different from that of Reulbach, and Big Ed, in turn, threw shoots that had no likeness to those of Lundgren or Overall. Each of the four great right-handers had his own method of delivery, his own set of curves, and not a particle of similarity between any two of them. Add to this layout the left-handed Fiechter, and the combination was too much for the other fellows."

"Our present staff shows wonderful variety. Rixey and Benton, both left-handers, have wholly differing styles of work. Donahue and Keck, who should both be great winners this season, employ opposite deliveries. Donahue sending them from up high, while Keck has an underhanded shoot that's a wonder. Couch's style hasn't the least resemblance to that of either Keck or Donahue, and Luque, again, doesn't pitch like any of the three other right-handers."

"We can give the hostile batters a flock of different stuff this summer, and can mix things up against them all the time. And I think that is going to help the good cause considerably."

Joplin Indian Pitcher

Now Termed "Iron Man"

Mose Poolaw, Indian pitcher for the Joplin Miners, joined the ranks of "iron men" by pitching both games of a double header. He won the first game, 4 to 3, in 13 innings, but was nicked for two runs in the first inning of the second game, a seven-inning affair, and lost.

Harvard Lost Three Star

Athletes by Graduation

Harvard lost three star athletes this season by graduation: Vinton Chapin, football and track star; George Owen, hockey and baseball captain and football star; and Charles C. Buell, three years varsity quarterback.

Golf Is Gaining

Golf is gaining in popularity with rapid strides in Canada. According to a report filed recently, 292 golf clubs are flourishing in that country, representing in property and equipment more than \$10,000,000.

In 1916, there were only 70 golf courses and this number increased to 218 in 1922. Since the first of the year the courses have increased 74, a rather surprising number.

Canada is still far behind the United States in the matter of clubs and the number of persons playing the popular Scotch sport. It is estimated that in Minneapolis alone close to 10,000 persons play golf regularly.

O'Leary Still Walks

Dan O'Leary, champion long distance hiker of the world, is eighty-two years old and celebrated the event by taking a 100-mile hike at Cincinnati as has been his custom on every recurring anniversary for the last half a century.

INTERESTING SPORT NOTES

Tufts college will construct a swimming tank and promote aquatics.

The University of Tennessee has a crack rifle team composed of girls.

The British seem to have closed the door to their open golf championship.

The Woman's Athletic club of Los Angeles, Cal., has a membership of 1400.

Wilke, who lost his title to flyweight champ of the world to Pancho Villa, says he will never box again.

Ohio State and Michigan lead the Western Conference colleges in fostering intramural athletic activities. Each has a budget of \$10,000 this year.

P. J. McDonough, a hotel bellboy in Pittsburgh, Pa., has been admitted to the charmed circle of "Hole in One" golfers. Practicing recently, he made the 220-yard sixth hole in one.

To permit games to be played in the evenings, the municipal tennis courts of St. Louis, Mo., have been electrically lighted on spring, summer and autumn nights for three years.

The average athlete is said to reach the height of the muscular power during his thirtieth and thirty-first years.

The United States Naval academy at Annapolis, Md., will have a modern boat house for its cadets ready for use in 1925. It will cost \$200,000.

Three hundred athletes from the United States will compete in the Olympic games in Paris next year. The cost of sending them to Paris will be \$300,000.

Fred S. Tomlin of Glassboro, N. J., made a new world's record for 22 yards clay target shooting when he broke 248 straight in Philadelphia recently. The best previous record was 108 straight, made by Mark Arle in 1917.

Newark, N. J., Athletic Country club has started the construction of a new clubhouse at West Orange. The tract includes 275 acres with facilities for two 18-hole golf courses, an athletic field and cross-country track. The new structure will be modern in all details.

PENITENT UNCLE

By H. LOUIS RAYBOLD

(© 1924, by McClure Newspaper Syndicate.)

"AND so, after all these years, I am trying to make up for my indifference by this method of reparation. The money is yours to do with as you desire. When you receive it I shall be dead and beyond the reach of thanks."

"Your belatedly penitent great-uncle, Jonathan Benjamin Cowles."

This was the conclusion of the letter which Jimmy Stiles several days ago had signed with a flourishing signature and then reread with grinning satisfaction. How tickled Mary Louise would be! And how unlikely ever to discover the hoax.

Now he sat at his desk and wondered whether Mary Louise had yet cashed the inclosed certificate of deposit.

She had come to visit her aunt, who was matron of the County Home, where Jimmy was one of many lonely, blue-overalled and aproned orphans.

Mary Louise's mother, because of whose illness she had been sent away, died during her absence and she stayed on with her aunt. And when matrimony with a widower of small means and considerable family claimed the estimable matron, Mary Louise still lingered.

Jimmy became her companion in all the playground squabbles, nor did the marvelous piece of luck befell him when he was fifteen make him forget her.

Jimmy rose rapidly—graduated brilliantly from high school—went into a lawyer's office, daytimes, and continued study at evening school. Ultimately he entered the bar and became an attorney with a reputation before he was thirty.

Meanwhile Mary Louise had been "bound out" to a lonely farmer's wife. Growing attached to her, the woman had done more than the stipulated clothing and feeding of the child—had taught her what she could of grammar, geography and similar rudiments of learning.

A summer boarder had taken an interest in her books, not only during her stay but for many months afterward.

These changes had meant separation for the boy and girl, during which the memory of each grew dim to the other but did not utterly fade. And at Drift Harbor, that wonder spot of ocean beach and vivid sunset and riotous surf, their paths converged once more.

Signing his name in the Drift Harbor house register, Jimmy looked up from the final flourish of his signature—James W. Stiles, Boston—straight into a pair of well-remembered soft blue eyes.

"You! Mary Louise!"

Yes, it was Mary Louise, who sometimes filled in at the hotel, who stood a mile or two from her adopted home, in various capacities from that of clerk to waitress.

"Are you happy, Mary Louise?" he asked one day.

Mary Louise threw him a questioning glance from beneath her curly lashes. "Just now," she said ingenuously. "But winters—oh, Jimmy, it is very lonely. And—and I see no future. If only I could afford to go to the city and have a couple of years at a normal school. Then—oh, just think, I might be able to teach."

She sighed blissfully, as though teaching were an achievement too heavenly to contemplate. "I dream nights of what I would do with a thousand dollars. That's my favorite air castle in Spain."

That winter Jimmy unexpectedly won a case which netted him an even thousand and the sight of the check brought back to him the words of Mary Louise.

An intense longing surged within him to help her out even as years ago he had been helped by the kindly rector. But handling over a sum of that amount to an unrelated young lady presented a problem.

Suddenly the idea of creating a fictitious great-uncle occurred to him—a great-uncle who would exist but for a moment on a sheet of paper, but long enough to bequeath to Mary Louise a thousand-dollar legacy.

The letter had been written and sent and now Jimmy sat and dreamed in his office of its reception by a blue-eyed girl in a lonely farmhouse near Drift Harbor.

And as he dreamed the door of his office opened. At sight of a slim figure Jimmy sprang to his feet.

"You fraud!" cried a sweet voice. "My great-uncle Jimmy!"

Jimmy swallowed. "How—er—why—"

"Well, partly because I read in the papers of your thousand-dollar fee in the Hitchcock case, but mostly because only one person in the world makes the funny 'J's' that you do. I had only to compare the 'J' of Jonathan with the 'J' on the hotel register to have my suspicions confirmed. Of course I couldn't—"

"Mary Louise," interrupted Jimmy firmly, "hand over that certificate!" And when she did so he folded it evenly and slipped it into his pocketbook. "What an idiot I was to give you a chance to go out of my sight again!"

And his face wore the expression of one upon whom a great light had broken suddenly. "Come straight into my arms, my darling!"

And Mary Louise came.

Women Denied Solace of Prayer.

In some parts of the world the women are not even allowed to pray. Certain Hindu congregations deny their women this privilege, and among the Ainus of Japan women can pray only in very rare cases as the deputies of their husbands.

Two Mounts Ararat.

One Mount Ararat of today is in Armenia and is a volcano of two cones, the highest being 17,800 feet above the sea; another in Surrey county, North Carolina, and is 8,000 feet high.

Aspirin

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for

Colds Headache
Toothache Lumbago
Earache Rheumatism
Neuralgia Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacturing of Monoceteneoldest of Salicylicacid.—Advertisement.

Odd Deep-Sea Creature.

"Old Man of the Sea," long famed, or something extremely like him, has been discovered. A hideous marine monster, but with almost a human head, has been captured by the crew of the barque Duque d'Aosta off the Brazilian coast. The creature's head has a well-defined nose, ears and gaping mouth, its general appearance being that of an old man. One spike projects from the monster's forehead. It is probable that early mariners, who told wild tales of having seen mermaids, mermen and demons when in tropic seas, had in reality seen some such rare creature of the ocean depths.

WHY TAKE

LAXATIVES?

Discovery by Science Has Replaced Them.

Pills and salts give temporary relief from constipation only at the expense of permanent injury, says an eminent medical authority.

Science has found a newer, better way—a means as simple as Nature itself.

In perfect health a natural lubricant keeps the food waste soft and moving. But when constipation exists this natural lubricant is not sufficient. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication.

As Nujol is not a medicine or laxative, it cannot gripe and, like pure water, it is harmless and pleasant.

Nujol is used in leading hospitals. Get a bottle from your druggist today.—Advertisement.

Has Responsible Position.

"Recreation engineer" is the title given to a new official working under the direction of the United States forest service, for the development of public camp grounds and summer home sites in the national forests of the West. It is estimated that 5,000,000 tourists visit the national reservations yearly.—Popular Mechanics.

When two men compare notes on the haberdashery they buy they're pretty intimate.

Weak and Miserable!

Is a lame, aching back keeping you miserable? Are you tortured with sharp, stabbing pains? Feel weak, tired—"all played-out"? Then look to your kidneys, for these are common signs of kidney weakness. There may be headaches and dizziness, too, with annoying bladder irregularities. Don't risk serious kidney sickness. Help your weakened kidneys with Doan's Kidney Pills. Doan's have helped thousands and should help you. Ask your neighbor!

A Michigan Case

Mrs. D. T. Ehrhart, 46 Forest St., Macdonald, Mich., says: "My back was lame, and when I stooped a catch took me and hurt me to straighten. Back-aches kept me awake many a night. I was nervous and black specks came to float before me, blurring my sight. My kidneys were weak and irregular. I used Doan's Kidney Pills and they cured me."

FOSTER-MILBURN CO., BUFFALO, N. Y.

Kipling Is Baldwin's Cousin.

The rise of the prime minister, Mr. Baldwin, has caused to be told once more the story of the four daughters of a Wesleyan Methodist minister, Rev. G. B. Macdonald, one of whom became the mother of the new prime minister. Another married Mr. Lockwood Kipling and became the mother of Mr. Rudyard Kipling. A third married Sir Edward Poynter, the late president of the Royal academy, and the fourth married that great artist, Sir Edward Burne-Jones. Their brother, Rev. F. W. Macdonald, won in his time the honor of being president of the Wesleyan Methodist conference. Mr. Baldwin, therefore, has had some distinguished uncles and cousins.—London correspondence in the Christian Century.

Official Bat Hunters in Ceylon.

Ceylon is infested with a fruit-eating bat, the species commonly known as "flying fox." The rodents have made such inroads on the fruit crops that the Ceylon government is making efforts to exterminate, or at least reduce the pests. Official bat hunters have been appointed and a campaign of shooting will be tried. This should be effective, for the bats hang inactive in the trees during the daytime in vast hordes.

Can Only Work in Two Months.

In surveying the Mississippi delta in a seaplane, atmospheric conditions are such that mapping flights can be made only during May and October.

THURSDAY, AUGUST 2, 1923.

BIG EXHIBITION—TRAIN COMING HERE.

The schedule of stops to be made in this State by the Service-Progress Special, the big eleven-unit museum train now touring 12,000 miles of the New York Central Lines was announced at the executive offices of the Michigan Central Railroad at Detroit today.

Grayling is included and the huge traveling railroad exhibition will be here on that day, opened to all visitors between 7:00 and 10:00 o'clock in the evening.

One hundred years of railroad progress in the United States is shown by the historic exhibits equipment and priceless relics and models contained in and making up the train, which shows rail development and its relation to industry and agriculture.

Engine "8000" of the Michigan Central Railroad, representing the last word in modern freight engines, hauls the train on portions of the road upon which this engine, the latest "Mikado", for its weight the most powerful in the country, may operate with safety.

Famous "Engine 999", the World's Fair engine, which still holds the unequalled speed record of 112.5 miles per hour for locomotives, follows "No. 8000", and also hauls the train where "No. 8000" cannot operate. The De Witt-Clinton engine and coaches of 1831, the first New York Central Lines train completes the historic group of locomotives with the Special.

Other exhibits including the famous Warther working Engine Models showing every step in locomotive progress from the earliest and crudest forms of the 17th Century to the flyers of today. The Warther Models are entirely hand-carved of wood, ivory, bone and pearl, and are said to be the finest specimens of hand-carving in the world as well as the most accurate.

ate locomotive models.
Railroad moving pictures showing handling of farm products from the farm to the consumer, including New York City market and harbor operations, are shown from the train to crowds outside.

One real traces Michigan agricultural products from Michigan through to New York, showing many Michigan scenes.

The vital importance of the growth of government indebtedness and taxation, and its alarming growth to everyone is vividly illustrated in "Mrs. Jarley's Tax Works." The "Tax Works" consists of a series of striking pictures in blazing colors which concisely tell what the cost of government means to the individual.

The "Service-Progress Special" is being operated by the New York Central Lines in direct response to requests made to President A. H. Smith by President O. E. Bradstreet of the American Farm Bureau Federation and Master S. J. Lowell of the National Grange.

LOCAL NEWS

Eastman Kodaks and films bring home the good pictures.

Central Drug Store.

Jesse Schoonover has gone to Saginaw to drive back a new Buick for Marus Hanson.

Hear Congressman Woodruff and Senator Karcher at the Court yard tonight at 7:30 o'clock.

We are pleased to submit to our readers a comprehensive report of the receipts and expenditures of Grayling school district number 1, as presented by Secretary M. A. Bates. The report appears on the last page.

Supt. and Mrs. B. E. Smith returned home Friday evening from a vacation trip that took them to Tecumseh, Toledo and other places. They were away about two weeks, and were accompanied home by Mrs. Smith's mother, who is their guest for several days.

Henry Peets of Cheboygan, who has been in the city the past few weeks assisting Mr. Peterson in installing the machinery in the new Laundry, will remain here for the month of August to assist in opening up the place. His family have come to Grayling to be with him during the time.

Mrs. Eno Milnes and children who have been spending several days here visiting Mrs. O. Milnes are leaving this afternoon for West Branch. Mrs. Milnes, who has been freight agent at Lewiston for several years, has been transferred to West Branch, and is moving his family there this week.

Wayne Ewalt, printing office devil of the AVALANCHE left Friday night for Belding and Lapeer to spend a few days visiting relatives, and on Wednesday he was to report at Camp Custer where he will go into a month's military training for Uncle Sam. Wayne is not quite 17 years of age and stands six feet tall. He is one of the kind of young men who believes in doing things that are worth while.

Some things are simply inexplicable, and among them is that twenty years from now the present crop of flappers will complain that their daughters are immodest.

SALE BILLS 70 YEARS AGO SOMEWHAT DIFFERENT.

A local citizen recently handed to the AVALANCHE the following copy of an auction bill published seventy years ago in the Chenoa Clipper-Times of Kentucky. We notice that slavery and whiskey both went together.

"Having sold my farm and intending to move to Missouri, I will sell at public sale, 1 mile west and 4 miles south of Harrisburg, Ky., on Saturday September 26, 1850, the following described property, to-wit:

"One buck nigger 25 years, wt. 210 pounds; 4 nigger wenches from 18 to 24 years old; 3 nigger boys 6 years old; 13 nigger hoes; 1 fine sled; 6 yoke of oxen, broke; 10 ox yokes with hickory bows; 2 ox carts with 6 inch tires; 1 saddle pony 5 years old; 1 side saddle; 3 double shovel plows, 10 and 12 inches; 25 gallons whiskey in jugs; 100 gallons apple cider; 2 barrels good sorghum; 2 barrels soap; 2 barrels kraut; extra good nigger whip; 2 tons tobacco, 2 years old. Sale will start at 10 sharp. Terms cash. I need the money. Col. A. Johnson, Auctioneer."

NOTICE TO RESORTERS.

Boats for rent. Also fishing tackle and bait. Bathing suits, camping accommodations and everything necessary to make your outing pleasant. Tourists, accommodations; make your reservations early. Choice building lots for sale. Geo. M. Collen, Grayling. Phone 75-2s. 7-12-6.

WOODRUFF AND KARCHER TALK AT B. OF T. LUNCHEON.

Tonight Will Address Gathering At Band Stand.

Members of Grayling Board of Trade were specially privileged today when Congressman Roy O. Woodruff and Senator Horatio S. Karcher gave short addresses at their luncheon at Shoppington Inn this noon. This is the first visit of Congressman Woodruff since the primary campaign of 1921 when he was opposed by Congressman Gilbert A. Currie, in which he was the victor.

Senator Karcher whose home is in Rose City spoke at the community picnic here last summer.

After enjoying a delicious luncheon, which was made specially pleasant by the presence of Schram's orchestra which played during the meal, President Holger F. Peterson introduced Senator Karcher.

The latter is serving his first term in the senate and told of some of the important matters that came up in the last session. He told his reasons for opposing the gas tax bill and also the Governor's weight bill. It will be remembered that the gas bill was passed but vetoed by the governor. The opposition to the gas bill was largely from Detroit legislators. He criticized the Detroit Newspapers saying they were the most dangerous element we have in the State as far as public opinion is concerned. As a ranking member of the reappropriation committee of the Senate he was opposed in giving Detroit any greater representation. Because of the fact, he said, that a few regulars worked hard to try and stop vicious legislation, little else was accomplished and they were decider as the do-nothing legislature. Many matters of importance, he inferred, had to be neglected in order to prevent the passing of what he termed as vicious legislation.

Congressman Woodruff expressed his pleasure at being here, and said he had been wanting to visit Grayling for some time.

He spoke briefly about good roads and mentioned a bill that he introduced in congress in 1912, carrying with it an expenditure of a billion dollars, to be used in 20 years, which bill was the subject of much criticism and ridicule. Now, however, just such a program as was contained in his original bill is being carried out today.

He spoke favorably of reforestation of the unused lands of northern Michigan gathered by the State or Federal government.

Congressman Woodruff gave an interesting account of his experience with the Department of Justice in forcing that body to function in the prosecution of frauds committed during the war, in the overpayment of war contracts, etc.

Tonight Congressman Woodruff and Senator Karcher will address the people at the band stand in the court yard, beginning at 7:30 o'clock.

FINANCIAL REPORT OF CHAUTAUQUA.

Following is a financial report of the Chautauqua, that was held in Grayling July 17, 18, 19, issued by the secretary-treasurer of the Chautauqua committee.

Receipt from sale of season tickets.....\$487.00
Season ticket guarantee 450.00
Excess over season ticket guarantee.....\$ 37.00
Receipts from sale of tickets at tent.....228.00

Total of excess and single admissions.....265.00

Our share 50% of excess and single admissions.....132.50
Expenditures.....30.82

Donation to American Legion, (J. Carroll).....2.00

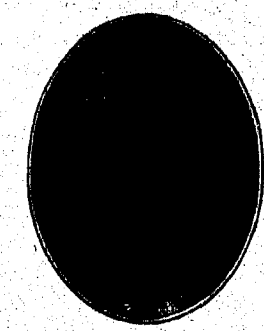

Total amount turned over to American Legion.....\$103.68
Alfred Hanson, Secy.-Treas., Chautauqua Com.

The success of the ticket sale, that was handled by the local Post American Legion was greatly added to by the purchasing of tickets by T. W. Hanson, The Hanson Land & Lumber Co., and Grayling Box Co., which firms bought several dollars worth of tickets and distributed them among their employees, most generously.

The committee of the American Legion in charge of the Chautauqua wish to thank the individuals, firms or organizations who assisted in any way by donating chairs, piano, lumber, printing and grounds, all of which is sincerely appreciated.

Give everyone the benefit of the doubt. We may get the worst of it once in a while, but the aggregate profits will over-balance.

As a man thinks so he does—which explains why some of us do such silly things now and then.

JUDGE BATTERSON DEAD.

Word was received this afternoon of the death of Judge Wellington Batterson which occurred at his home in Frederic Wednesday night at 9:15 o'clock.

U. S. FAIR SHOW AID TO FARMERS

PROGRESSIVE DAIRY METHODS WILL BE FEATURE OF EXHIBIT

TO HAVE LATEST INFORMATION

Heading the big dairy exhibit, which is intended to assist Michigan farmers to greater production and more profits in their dairy work, the United States government is to erect 22 attractive booths at the \$5,000.00 Michigan State Fair which will be held from August 31 to September 9.

Dairy herd improvement is taught with the view of encouraging farmers to raise pure bred stock so that they may have a double market—sales of milk and pure bred calves. Maps will show that the states having the greatest number of pure bred bulls are the states with the highest average milk production.

It will be shown as a result of investigation into the cost of milk production that the farmer spending over 65 cents for feed for each dollar worth of milk produced is losing money. Interesting relationships between the various factors of production, which show definitely the greater earning power of the high-producing cows, are also presented.

Extensive information will be supplied on the feeding of calves in various sections. An interesting bit of information will be the government's announcement of the finding of a meal that is a satisfactory substitute for milk.

Increasing milk production through herd management will be demonstrated for the benefit of the dairymen. Here it will be shown that milking three times a day instead of twice increased production 11.9 per cent. Box stalls, it will be shown, increases production 5 per cent as compared with stanchions, while exercise was proven to slightly increase the production of butterfat and to increase feed consumption.

How to eliminate silage flavor and odors will be explained as will the use of dairy products on the farm, and methods of cleaning milking machines.

Scientific breeding of dairy cattle to predetermine the qualities of offspring will be one of the lessons taught in the movement for better cattle. Incidentally, the investigators have determined that nearly all the Holstein cattle in the United States are descended in a direct male line from five sires.

Cream, butter, condensed milk, pasteurization, dairy statistics, moving pictures, cow-testing, co-operative marketing, value of quality, international trade, and costs are also mentioned in the government program.

"This exhibit," said George W. Dickinson, secretary-manager of the fair, "is quite exhaustive and should prove of immense value to all those engaging in the production and sale of dairy products. It is new in nearly every detail and up to the minute in every way."

Take Time to think—you can do more work with your head than your feet.

ALLIES IN RUHR SEND REPLY

French and Belgium Answer England On Reparations Parley.

London—French and Belgian replies to the British reparation communication has been delivered to the foreign office.

Count de St. Aulaire, and Baron Monchaux, respectively French and Belgian ambassadors, left written, but not identical documents with Lord Curzon.

The Italian ambassador saw the British foreign secretary but submitted no note.

The light of publicity seems likely soon to be thrown on the present reparation negotiation through an airing in the house of commons, which is to adjourn Thursday.

It is anticipated Prime Minister Baldwin will outline the British policy. The fact that the German government weathered the threatening week end with its forecast of possible chaos to be brought about by the communists has caused British observers in the German capital to believe that Chancellor Cuno can hang on for another two months, even with conditions continually growing worse, says an other dispatch from Berlin.

The chancellor's resignation before the outcome of the present Allied negotiation preparatory to answering Germany's latest reparation offer is not expected, the message adds.

OFFER CONTROL IN COAL PRICES

Bituminous Operators and Fuel Commission Make Agreement.

Washington—Bituminous coal operators gave assurance to the federal coal commission that through an emergency organization, they will meet the fuel needs of the country in the event of an anthracite strike.

Furthermore, they offered to agree to a price control arrangement similar to that placed in effect by Secretary of Commerce Hoover last year in order that there may be no profiteering.

On top of this the operators proposed that a permanent plan be worked out by which information relative to costs of production, wages and earnings of operators, might be gathered by either the department of commerce or the interior department.

In proposing a voluntary arrangement along this line, the operators reversed the policy pursued when they refused to report costs to the federal trade commission and carried on a successful fight in the courts against it.

SINGING HUSSAR BAND COMING TO STATE FAIR

A singing Hussar band will be one of the musical features of the Michigan State Fair, which will be held from Aug. 31 to Sept. 9, according to Secretary-Manager G. W. Dickinson.

"This is a real vaudeville act," Mr. Dickinson said, "and should prove a big attraction."

The famous Ninety-first Highlanders band of Canada, conducted by Lieut. H. A. Stares also will be with us this year. This band has proved very popular in past years and won many honors abroad.

Cervoni concert band, a splendid organization, will be an added musical attraction this year.

"There will be plenty of music every day to make the crowds feel happy."

Auto Tourists Sure of Fun At State Fair

Rigid regulations for neatness, comfort, safety and enjoyment will feature the tourists' camp at the Michigan State Fair, Secretary-Manager George W. Dickinson announced.

No Gypsy or other objectionable tourist will be allowed to camp within the grounds.

"Every auto tourist who drives through the fair gates with his camping equipment will be assured a most enjoyable time," said J. H. Brown, who will be in charge of that feature.

"The camp will be in an ideal place and their will be every convenience. When the car owner drives in he will get tickets for one day for each member of his family. Then he will drive to the state assigned him in camp. Registration of the car owner and his family comes next."

WANTS

Advertisements will be accepted under this heading at the rate of 5 cents per line. No adv. taken for less than 25 cts. There are about six words to the line.
SEND MONEY WITH ORDER

Edwin Reagan, who with a party of friends is camping at Otsego Lake, visited friends in Grayling Saturday evening. The young man is the son of Mr. and Mrs. Newton Reagan of Bay City, who were former residents of Grayling.

Mr. and Mrs. Alva F. Roberts and little son Junior left for Petoskey Tuesday where the little boy underwent an operation for tonsils at the Reycraft hospital. The family were joined by relatives at Afton, who accompanied them to Petoskey.

In the base ball game last Sunday played between the Roundhouse team and the Rainbows (High School team) the latter met defeat by the score of 12 to 9. Batteries for the Rainbows, McPhee, Chamberlain and Johnson; for the Roundhouse team Bennett and Deffrain.

Mrs. Elizabeth Heenan who spent last week with her sister Mrs. Efner Matson and family returned to her and Miss Lucile Willard of Royal Oak home in Romeo Saturday. She motored to Romeo with her son Kenyon who had been spending the week visiting the latter's parents at Otsego Lake.

Mr. and Mrs. Claude Parker and daughter Margaret of Lansing motored to Grayling Sunday and are visiting the former's parents Mr. and Mrs. Herbert Parker and family. They were accompanied by Mr. and Mrs. Harold Miller and son Harold, Jr. of Lansing who visited at the Parker home Sunday enroute to Petoskey.

Frank A. Dean, a prominent attorney of Charlotte, passed away at Mercy Hospital in this city last Thursday evening, after a brief illness. The deceased with his family was resorting at Otsego Lake when he took ill, and was brought to the hospital. The remains were taken Friday to his home in Charlotte, where services were held, the body taken later to Detroit to be cremated.

There was a large attendance of the children of St. Mary's church at the annual picnic, that was held last Thursday afternoon at Connie's grove. The picnic was given under the auspices of the Altar society and besides the children many grown-ups were present. All brought well filled baskets and at lunch time the children were treated to ice cream cones. Everyone reports a jolly time.

Miss Marjorie Wolff left this week for New York to act as maid of honor in the wedding of her former roommate at the Castle School, Miss Ann Clare Boothe to Mr. George Tuttle Brokard, which will take place at Christ Church in Greenwich at our o'clock the afternoon of August 10th. Miss Wolff will return to Grayling August 18th accompanied by Miss Dorothy Burns of Chicago who will also be an attendant in the wedding party.

Mr. and Mrs. A. Langvis and son Alfred of Bay City have been visiting Mrs. Langvis' sister Mrs. Hattie Bissonette and family.

Have your prescriptions filled at Central Drug store, price and quality always right.

The next regular meeting of Rebekah Lodge will be held Monday August 6.

The Women of Mooseheart Legion will hold their next regular meeting Wednesday afternoon, Aug. 8.

Herbert Wolff who has been with his family at Lake Margrethe left Monday for Chicago on business.

Mrs. Holger Schmidt returned Tuesday afternoon from Detroit where she has been visiting her son Harold and friends.

Mr. and Mrs. Ray Havens and son Jack of Grand Rapids are visiting Mrs. Havens' sister Mrs. George Sorenson and family.

Mrs. Andrew Smith and children who have been visiting at the home of Mr. and Mrs. John Olson returned to their home in Saginaw Monday.

R. H. Gillett motored to Saginaw on business Wednesday. Harry E. Simpson accompanied him as far as Saginaw, enroute to Detroit on business.

Miss Lillian Doroh is enjoying a couple of weeks vacation from her duties at the Sorenson Bros. store and is spending it among friends in Detroit and other places.

Nels Anderson, who has been visiting his aunt Mrs. Jens Hanson of Beaver Creek township, and also friends in Grayling, returned to his home in Detroit Saturday.

Mrs. Andreas Andreason of Flint is visiting among old friends in Grayling, having resided here for many years. She is a guest at the home of Mrs. Elma Hemmingson.

Miss Beulah Ewing has returned from her vacation trip to the West, having been gone for about three months. She reports a most interesting and enjoyable trip.

Mr. and Mrs. Gust Kozinski of Detroit are visiting at the home of William Neal, and other relatives. They arrived last Thursday by motor and will remain for two weeks.

Mrs. Minnie Daugherty returned Wednesday from a two weeks vacation at Bay City, Flint and other places and has resumed her duties at the Grayling Mercantile Co.

Mr. and Mrs. George Biggs and daughter Miss Verna returned Sunday night from a motor trip to Lansing, Flint, and other places, being gone since the fore part of July.

Miss Helen Flynn spent the week end visiting her parents at Rose City. She was accompanied here Monday morning by her sister, Miss Genevieve who remained until Tuesday.

Mr. and Mrs. Fred Witters and son Bobby of Saginaw motored to Grayling and spent Sunday as guests of Mr. and Mrs. Paul Hendrie. Mrs. Witters is a sister of the former.

Mrs. Clarence Brown and Mrs. Edward King are entertaining the F. W. club and a friends at picnic at Lake Margrethe this afternoon. The Kings and Browns are camping at the lake.

Leo Schram, manager of Schram's orchestra, announces that they will give Sunday night dances at Collen's pavilion, beginning next Sunday, August 5th, and also every night of the week during the month of August.

James McNeven and family motored to Standish Sunday to meet their daughter Miss Bernice, who was returning from a visit in Flint, relatives having accompanied her as far as Standish.

Little Richard Peterson, son of Mr. and Mrs. Hans L. Peterson had the misfortune to fall last evening and break his right arm. The little boy suffered a break in the same place some time ago.

Mr. and Mrs. Esbern Hanson are entertaining the latter's mother Mrs. J. C. Schaefer of Pittsburg, Pa., Mrs. Hanson going to Detroit Monday to meet her. They arrived in Grayling yesterday.

Mr. and Mrs. William Green are entertaining the former's parents and brothers, Mr. and Mrs. Charles Green and sons Basil, Teddy and Chester of Lansing, at their summer home at Lake Margrethe.

Mr. and Mrs. Jess Billings and daughter Margaret of Flint are enjoying a couple of weeks camping at Lake Margrethe. Mr. Billings is a brother of John Billings of Saginaw formerly of Grayling.

Mr. and Mrs. Alfred Morency and daughters Anna May and Dorothy returned to Detroit Monday morning after spending three weeks at the home of the former's parents, Mr. and Mrs. Joseph Morency. They were accompanied to Detroit by Leo Morency and Misses Vera and Norma Mitchell.

Axel Peterson, son of Mr. and Mrs. Andrew Peterson, who recently returned home from the west, was too ambitious to lay around doing nothing and so got busy with the paint brush so that now the Peterson home on Cedar street is looking fine under a couple of coats of fresh paint. It would be a creditable job for any painter to have done.

Miss Leola Cameron is spending a couple of weeks visiting her sister Mrs. Joseph Corrigan at Bay City.

E. A. Bowman, accompanied by Mr. Max Buchanan motored up from Detroit and spent the week-end with his family at Driftwood cottage, Lake Margrethe. Misses Laura McHarg and Josephine Wright, who had been guests of the Bowmans returned with them.

Mrs. Boyd Funch of Eldorado has been appointed postmistress at that place, beginning her duties August 1st, and succeeding James F. Crane who resigned. Mrs. Funch is the daughter of the former postmaster and for several years past has personally conducted the affairs of that office and thus is familiar with the duties incumbent upon her. We are sure the appointment of Mrs. Funch meets 100% approval of the patrons of the Eldorado office.

Buel Anderson of Wolverine is scheduled to meet Roy Montague of Gaylord some time next week in a catch-as-catch can wrestling match. Montague agrees to throw. Anderson is the wrestler who was defeated here a year or more ago by Keegen of Chicago. Anderson says he is con-

fident that he can defeat Montague under the terms stated. Wrestling is good sport when pulled off on the square. Anderson guarantees this match will be a battle to the finish with both men trying their best to win.

Axel J. Peterson was in Saginaw on business this week.

Born to Mr. and Mrs. Dan Hinkley Monday, July 30 a daughter.

Ben Landsberg was in Chicago on business the first of the week.

Miss Margrethe Bauman is spending a few days visiting friends in Detroit.

Russell Smith of Detroit is visiting among relatives and friends in Grayling.

Ralph Chamberlain of Detroit is visiting his mother, Mrs. Peter Larson this week.

Archie McNeven, who has been visiting relatives in Grayling has returned to Flint.

Supt. B. E. Smith and family are moving into the Dr. Howell residence on Maple street.

Mr. and Mrs. Herbert Smith, Jr., spent Sunday visiting the former's parents at Milford.

Mr. and Mrs. E. G. Clark are entertaining the latter's brother and wife, Mr. and Mrs. Frank Butler of Oxford.

Clifford Merrill arrived from Lansing yesterday afternoon to visit Mrs. Celia Granger and family, also old friends.

Mr. and Mrs. A. E. Hendrickson are enjoying a visit from the former's brother-in-law Mr. John Westerholm of Erie, Pa.

Dr. Don M. Howell returned to his home in Detroit Tuesday after several days spent among his many Grayling friends.

Mr. and Mrs. Roy Milnes, who have been spending the past two weeks in Clare and Detroit expect to return home the latter part of the week.

Mrs. Harry Marsh and son Earl and Miss Linda Frost of Vassar spent Friday and Saturday at the home of Mr. and Mrs. George McCullough.

Miss Helen Taitt is enjoying a visit from her sister and husband, Mr. and Mrs. William Rainey of Chicago. They are at the Taitt home in Lewis-ton.

Marshall Al Cripps who has been troubled with asthma for several years past, has begun a series of serum treatments which will necessitate that he give up his work for a month. During this time Nick Nelson will assume the emblem of authority and see that the peace and dignity of the people of this community is not disturbed.

Mr. and Mrs. J. H. Wingard and Mr. and Mrs. Tony Trudeau motored to Pudd Lake Saturday, where they were joined by Clyde Gates and family of Lansing and the party spent Sunday together at this resort, pitching their tents at the free tourist camp located at this lake, which is near Harrison. They had a most enjoyable time.

Friday - Saturday

The last days of our Mid-summer Clearance Sale

Special reductions in all departments

Grayling Mercantile Co.
The Quality Store

his trip covered 3,800 miles and he says that he didn't have one bit of auto trouble until he hit Upper Michigan when he had a puncture, which is remarkable. He will remain for some time visiting in Grayling and at the Cooley cottage at Arbutus Beach.

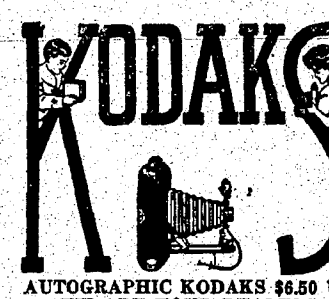

Mayor and Mrs. C. A. Canfield, Dr. and Mrs. C. R. Keyport and Mr. and Mrs. Olaf Michelson were on a motor trip over the week end that took them to the Soo.

Ask your grocer for Grayling made butter; fresh and pure.

CONSTIPATION
A cause of many ills. Harmful to elderly people. Always relief in taking **CHAMBERLAIN'S TABLETS**
Easy—pleasant—effective—only 25c

OUR BULLETIN OF WEEKLY BARGAINS

A Penny Saved is a Penny Earned—Franklin.

Kodak Keeps the Story—All the story, not only the picture but the date and title written on the film at the time. And this feature is exclusively Eastman. At our Kodak counter all the Kodaks are always ready for you to see. Drop in and pick out the one you want. We handle the Auto-graphic film, the complete Eastman line.

Steel Crib, one of our big bargains, 42 in. high, 7-8 in. continuous posts, 1-4 in. filling rods, patent elastic fabric, with spring helical ends, noiseless sliding sides. The finish, blue and white combination makes it very attractive, price—**9.90**

We also handle the American Beauty Iron.

The "Spring-Within" cotton felt mattress, absolutely noiseless, comfortable hygienic and durable. The ticking and cotton felt filling enclose a compact series of steel coil springs; each spring is in an individual pocket thus preventing them from rubbing together and making them absolutely noiseless. This mattress cannot become lumpy or uncomfortable even after years of service. A mattress for particular people. Special price this week. **27.00**

Electric Irons, Universal, 6 lbs., nickel plated, cool, rigid handle, complete with 6 feet of cord and patented safety stand **6.75**

Electric Grill—The Universal. This grill will boil, broil, fry and toast and cook two things at once, 4 heats 8 in. diameter, 5 1/2 in. high, full nickel plated steel, fibre feet, 3 pans 1/4, 1 1/4 in. and 2 in. deep. Ebonyized wood handles. Price **10.00**

Iced Tea Tumbler, 12 oz. genuine cut crystal. Such a low price that it's really remarkable, per set of 6—**2.75**

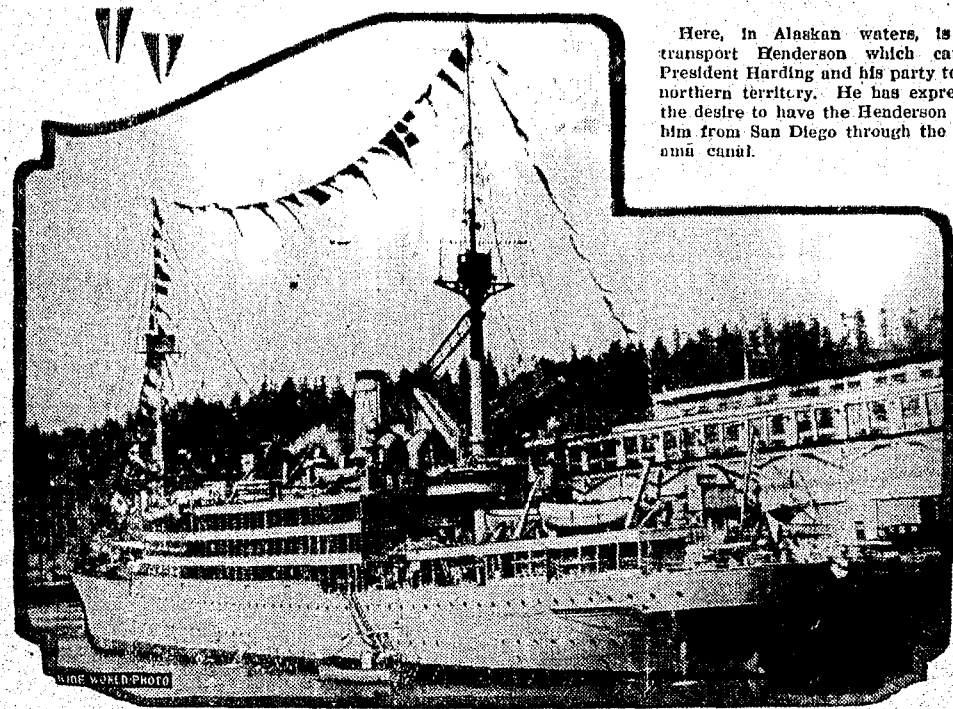

Thin Blown Tumblers, 9 ounce, straight shape. First quality blown like this will cost you a lot more elsewhere, per set of 6—**55c**

Iced Tea Tumblers, straight shape for home or restaurant use, per set of 6—**60c**

These prices stand good until our next bulletin is issued next week.

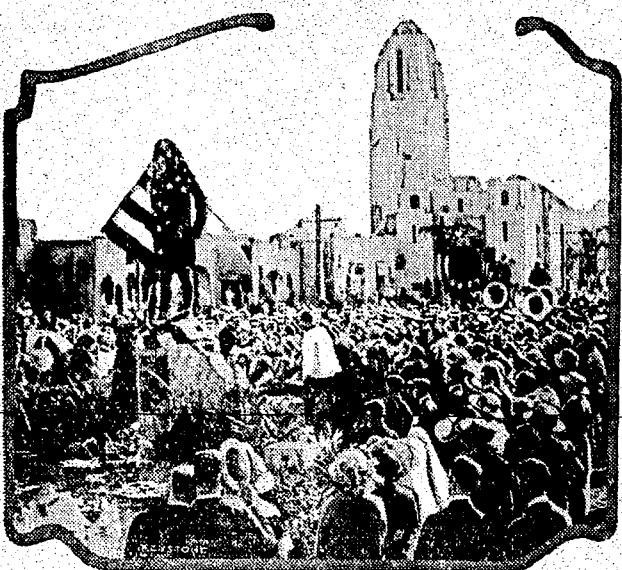

SORENSEN BROTHERS
The Home Of Dependable Furniture.

Henderson, President's Ship, in Alaskan Waters

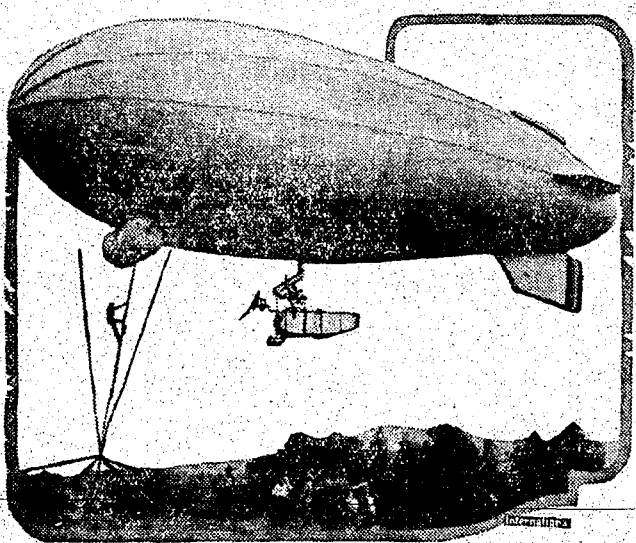

Here, in Alaskan waters, is the transport Henderson which carried President Harding and his party to the northern territory. He has expressed the desire to have the Henderson take him from San Diego through the Panama canal.

At Monroe Doctrine Centenary

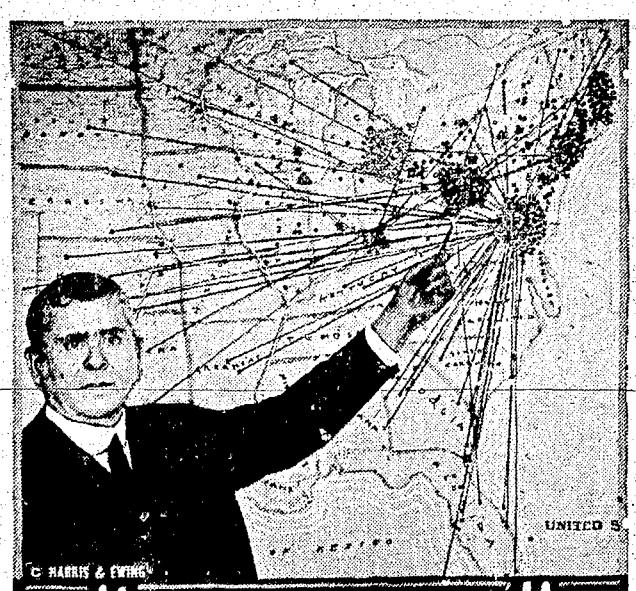

Mrs. Rose Gouverneur Hoes, great-granddaughter of President Monroe, unveiled the statue of the former president to commemorate the centenary of the Monroe doctrine, at Los Angeles, Cal. Many celebrities, diplomats of Latin American countries and others attended the ceremonies at the Monroe Doctrine Centennial and Motion Picture Industrial exposition.

Balloon Helps War on Gypsy Moth

Above is shown a view of the balloon sent to Hentiker, N. H., by the Department of Agriculture to aid in the fight on the gypsy moth which has been damaging and destroying crops. The balloon rises a hundred feet above the ground and, by means of a series of sprayers, covers the allotted territory with a powder which kills off the moths. Twenty-five pounds of the powder is sprayed over one acre in five minutes.

Checks Up "Health by Radio" Talks

When you listen to health lectures over the radio telephone, such as, "Do You Sleep Well," and "How to Feed the Baby," they are checked up for accuracy by Dr. B. J. Lloyd of the United States public health service, who is seen in this photograph indicating on a map the extent of the service known as "Health by Radio."

FROM FAR AND NEAR

Emerson, the essayist, descended from eight generations of clergymen. Lafayette visited America in 1824-1825, and was received with enthusiasm.

In earlier times the Eskimos lived as far south as the Gulf of St. Lawrence.

Schools are being established in all Indian villages in the Mexican republic.

Robert Fulton invented the first sky-rocket.

Indians used the stomach of a buffalo for a bag in which to hold their dinner.

The people of the United States spend \$200,000,000 a year for confectionery.

Greenland is moving westward twenty yards a year, according to Colonel P. Jensen, Danish scientist.

CARICATURED CURZON

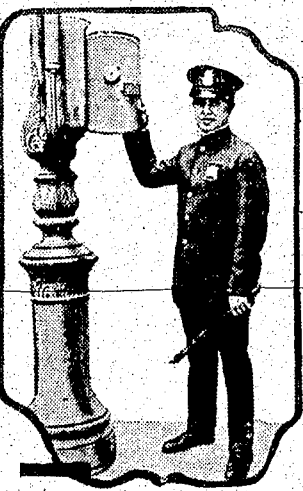

The unfriendly feeling in Russia for the English is illustrated by this caricature of Lord Curzon which led a procession in a recent anti-British demonstration.

GERMAN BELL OF RHINE

This, the largest bell in the world, regarded as the finest work of art in bellfounding in existence, has just been finished. It is to replace the famous bell of the cathedral of Cologne destroyed during the war by bombardment from the air. The bell was paid for by popular subscription and is called the German bell of the Rhine. It bears the legend: "St. Peter, I have been called to the defense of the German land, born of the German soil, I call all to unity."

HE CHOSE TO BE A COP

Nestor Montoya, son of the late Representative Nestor Montoya of New Mexico, has been appointed a private in the Washington police department. Formerly he was his father's secretary.

Watch Big Things.

Too many people devote so much attention to little things that they have no time for the big things of life. They lack a proper estimate of true values—a deficiency that they can overcome if they will honestly endeavor to do so.

New White Metal.

Following the discovery of a non-oxidizable silver comes the news of a white metal which resists both tarnish and corrosion, and has a remarkably deep and brilliant luster when polished.

Daddy's Evening Fairy Tale

THE HAY RIDE

"I have a plan," said Bennie Brownie, "and it is a wonderful plan."

"What is it?" asked the other Brownies.

"Let us go for a hay ride," said Bennie.

"Oh, that would be such fun," the others said.

"When will we go?"

"Well," said Bennie, "I see that the farmer is planning to bring the hay from yonder field to the loft in the barn beyond."

"Perhaps if we hurry we can have a ride now. It is some little distance but we can get there if we hurry."

So the Brownies all hurried along and just before they reached the hay wagon Bennie Brownie emptied a great enormous suitcase which he had and handed every little Brownie a hay coat.

Now the hay coats were just the color of the hay and the Brownies put them on and pulled the hoods, which were attached to the coats, over their heads.

In this way they could not be seen. If any one came near them they put their arms up over their faces and their arms were covered, of course, by the special suits.

Well they did have such a jolly ride and when it was all over Bennie Brownie said: "Let's have a hay party tonight in the loft."

And the other Brownies thought it would be a splendid idea. For they had enjoyed their ride so much that they did want to jump up and down in the hay and play in it and throw it at each other and have some wonderful games.

"Let's invite the others to come," said Bennie Brownie.

"Oh yes," the other Brownies shouted.

So Bennie Brownie and the other Brownies went around and asked the Fairy Queen and Princess Fairy Joy and Princess Fairy Twilight-Bell and Fairy Ybab and all of the other Fairies to come to the hay party.

Every one of the Fairies accepted.

Then the Brownies asked Peter Gnome and all of the other Gnomes and every Gnome accepted.

Next the Brownies invited the members of the Onf family and they all accepted.

They invited the members of the Bogey family and they all came, too, for they were such jolly little creatures and not at all the horrible creatures which some gossips had made them out to be.

They wouldn't frighten children for anything. There wasn't a single naughty Bogey.

And yet they had heard people say that the Bogey man would catch a bad child.

They thought it was very mean to say such things about their family, and the Breeze Brothers had taken around many messages, whispering to people and asking them not to say such unkind things of a nice, jolly family.

Then the Brownies invited Effie Elf and all the other Elves to come to the hay party and all of the Elves accepted.

They invited Old Mr. Giant to come and Old Mr. Giant said he would have to sit down most of the time for he was sure if he stood up he'd hit his head against a beam but that he would be delighted to come and that he would be careful.

They invited Witty Witch and she accepted with delight.

So they had their party and such a jolly party as it was!

They played hide-and-go-seek in the old barn and they made piles of hay into which they jumped. They covered themselves up with hay for the joy of throwing it off again.

And Mr. Moon shone through a little old window which gave them all the light they had.

It was pretty dark even with Mr. Moon doing the best he could, but, as they said, they were lucky to have that little window through which Mr. Moon could shine.

And it was fun having it so dark. They could just really manage to see each other very dimly.

"There's nothing like a hay party," said the Fairy Queen as they were leaving after the party was all over.

"It was a splendid party," they all shouted.

And Bennie Brownie was a very happy little Brownie to think that his party had been so jolly and such a huge success!

Geography Was Wrong.

Edgar, aged five, was driving from the station on his first visit to Iowa. His mother, noticing a troubled look on his face as he looked about, said: "What's the matter, Edgar? Don't you like the beautiful country?"

"Yes, mother, but on my map Iowa is red."

Seeing the Sights.

"This is the stadium."

"Fine! Now take us through the curriculum. They say you have a good one here."

WHY YOU ARE WHAT YOU ARE

By EDNA PURDY WALSH

(© 1925, Western Newspaper Union.)

WHAT ARE THE SIGNS OF MUSIC?

If music has charms to soothe the savage it has even more power in building the bodies, heads and faces of those who are geniuses in music.

Muscle in the spirit develops the faculty of tune—an area the size of a dime, located in the central part of

the lateral forehead, close to the hair-line, just where the face rounds off to form the side head. It is one and one-quarter inches above the angle of the superciliary arch.

The musician has a strong development in this area, as well as large auditory canals in his ears. The ear rim is very thin when muscle is very active, and sometimes almost translucent.

Fluffy hair is a usual accompaniment of the musical temperament, the voice itself is vibratory and musical, rising up and down on the scale as the individual speaks.

Most of the musical geniuses have foreheads very large in the side. Those of the strongly executive type have large lips, optimistic noses, and in the genius the upper eyelids are elevated in the center.

The wide forehead in the region of the temple brings skill, a delicacy of feeling, and a keen appreciation of color as well as sound.

DIFFERENT THOUGHTS MEAN DIFFERENT EARS

The first ear belongs to the ambitious business man, forging to the top. He has strong firmness in his upper back head, and generally a large and

the lateral forehead, close to the hair-line, just where the face rounds off to form the side head. It is one and one-quarter inches above the angle of the superciliary arch.

The musician has a strong development in this area, as well as large auditory canals in his ears. The ear rim is very thin when muscle is very active, and sometimes almost translucent.

like the cat. He may have amative-ness in his back neck, but he is never loving.

The second ear is that of the foxy. Individual with secretiveness well developed in the region an inch above the ear. The pointed ear points directly to this faculty.

He has a great tendency to use the letter "S," spends much time watching everywhere, looking sideways, speaks in a whispering voice, with closed lips. He has a mysterious smile when talking, never trusts people—without positively knowing them. The outer angles of the eyebrows droop down on his eyes, often giving him a shrewd appearance.

With the pointed ear, other qualities in the head—lack of conscientiousness, lack of benevolence and veneration, will corroborate the accurate diagnosis of dishonesty.

WHAT CONTOURS MEAN

When the lines of the face are straight, as in the contour of the square-jawed, square-headed man whose bones are large and prominent, will predominate. If straight lines predominate in the face and head, will predominate in the mind, and the individual is a person of executive ability, construction and oftentimes invention.

The curved face with its harmonizing curved lines to the features indicates taste predominating in the individual, and possible artistic accomplishment if enough vitality and ambition are present.

Round lines, however, indicate emotion. The large, full eye is the emotional eye. It is prominent and its lids are rounded over the eye. Round lines are predominant in the vital temperament where the hands are soft and round, the feet small, the bones well padded and the lips red. Even the chin and nose of the vital-temperament individual are rounded. He is kind, jolly, often loses his temper, but

means no harm, and seldom holds a grudge. He does not possess the constructive ability of the large-boned individual with square lines, and salesmanship is more to his liking.

LIPS TELL MORE THAN WORDS

One never sees the mouth of firmness and self-esteem as outlined above, in the social gathering, at the picnic, or spending much time in purely friendly ways, if there is business to attend to. A business motive is behind his friendships.

The lips of friendship are curved, instead of straight, and as a rule have distinct creases across them. The back head is prominent and the handshake is warm and prolonged. A child with friendship in his lips responds better to love than to the rod.

The lips that are pursed out as if in a steady kissing position are very impulsive lips. They generally belong to the vital temperament, which is quick to impulses of kindness unless the selfish faculties are missing.

The foods the vital temperament eats most of are the carbohydrates—the starches and sweets, peas, rice, tapioca and pastry. They are quickly

burned and create impulsiveness, as long as the individual is in health, but overeating of them causes stupidity, timidity and auto-intoxication.

The upper lip of the ambitious mouth is held back firmly at the corners.

Danced Themselves into Frenzy.

There is nothing new about the endurance dance. In 1734, when peasant and noble for leagues about gathered at the festival of St. John, at Aix-la-Chapelle, a fellow in motley danced over the cobbles. Presently he was joined by a beggar, so that the two gyrated companionably and leaped and pranked. Then a stout burgher buried his bulk into the revel. A conflagration of dancing, without apparent reason, was kindled, and before the sun declined the streets were thronged with prancing thousands. Indeed, so runs the chronicle, they "commenced dancing in a wild and frantic manner, many losing entire control over themselves, and continuing to dance until dropping down from fatigue, and some, in a moment of frenzy, dashing out their brains against walls."

With the Wisdom of the Ages.

A cultivated mind is, so to speak, the storehouse of all the wisdom of previous generations.—Fontenelle.

Boreas Take Notice.

Those who make the best use of their time have none to spare.

Factories Poorly Lighted.

Lighting experts state that only 26 per cent of the factories of the United States are adequately lighted—in other words 80 per cent are illuminated by low normal.

AUTOMOBILE INSURANCE A NECESSITY

Howell Company Has a Remarkable Growth

A review of last year's fatal accidents shows 81 per cent of the total number of people killed by automobiles were pedestrians. 66 per cent of the pedestrians killed were, according to the coroner's verdict, more careless and negligent than the drivers. It is said that 80 per cent of the pedestrians killed were killed while jay-walking. Automobile owners find that with the increased traffic there is great danger of accidents and it is important to keep insured so as to get the service of able adjusters and investigators to determine who was at fault.

The Citizens' Mutual Automobile Insurance company of Howell has had a remarkable growth. During the first six months of the year 1925 the increase in new business was 68 per cent, while the increase in net assets in comparison with a year ago was 83 per cent. On July 1st the company had total assets of over \$350,000.

It has been the policy of the company to pay its claims promptly and to investigate and determine the rights in serious cases. The company has found that the majority of people are fair, but in cases where the injuries are exaggerated or where the claim is without merit, the company is prepared to make the contest in behalf of its policy-holder. Many of the leading men of the state such as ex-Governor Rich, the late Governor Warner, in fact, over 40,000 of the leading business men and farmers of the state are insured in this company.

Citizens' Mutual Automobile Insurance Company

Howell, Michigan

RUBBED HIM THE WRONG WAY

Old Coder Quite Unable to See Sense or Humor in Remark Made by Dud Donner.

"I belong to an unorganized club of paralytics," said the Old Coder of Kellencleek. "Every member has at some time had a stroke. We meet whenever and wherever we happen to, and enjoy ourselves by sizing each other up while talking about nothing in particular. Then we go our several ways, each satisfied in his own mind that every one of the others shows more signs of his affliction than he himself does. And, confound it, just yesterday, old Dud Donner sympathized with me for looking so much worse than he does. As a matter of fact I look just about as healthy and stalwart as I ever did, while everybody says old Dud is almost ready to totter into the grave.—Kansas City Star.

Important to All Women

PRESIDENT IS SERIOUSLY ILL

PHYSICIANS ATTENDING CHIEF EXECUTIVE DECLARE HIS CONDITION GRAVE

VICTORY DEPENDS ON STRENGTH

Mrs. Harding Changes From Patient To Nurse—Panama Trip Believed Cancelled

Presidential Headquarters, Palace Hotel, San Francisco—Gravely ill with broncho-pneumonia, President Harding battles for his life.

The five executives attending the chief executive let it be known that they used the word "fight" advisedly when the last statement from the sick chamber was issued, adding, however, that Mr. Harding was "well adapted" from a temperamental standpoint to make the "fight" a strong one.

Just before this statement was made Brigadier General Charles E. Sawyer, the president's personal physician, told newspaper men much depended on the defensive strength of the patient. If he could summon strength to resist the attack upon him, General Sawyer said, there would be a victorious issue.

The development of pneumonia was one thing which Brigadier General Sawyer had said less than two hours earlier that he feared almost above all else, as a complication.

The bulletin issued at 9:10 p. m. (12:10 p. m. Detroit time) read as follows:

"Definite central patches of broncho-pneumonia in the right lung are indicated clinically and by the x-ray. 'Nourishment' is being taken regularly and the abdominal symptoms are less noticeable.

"While his condition is grave, he is temperamentally well adapted to make a strong fight against the infection.

"(Signed) C. E. SAWYER, M. D. RAY LYMAN WILBUR, M. D. J. M. COOPER, M. D. J. T. BOONE, M. D.

"HUBERT WORK, M. D."

Mrs. Harding, who has been on the sick list, has cheerfully assumed the burdens of the sick room still smiling, displaying a courage that has won for her the admiration of every member of the presidential party.

The return to the Atlantic coast by way of the Panama Canal, Porto Rico and the Virgin Islands, which was the original plan, virtually ceased to be a matter of consideration during the day, although official announcement of its abandonment was temporarily withheld.

FREDERIC NEWS.

Gilson Gordon, an old-time resident was here last week calling on old-time friends, Grandma Barber and others.

Mrs. J. J. Higgins entertained her sister and daughter Miss Nellie of Bay City last week. While here they took in the sights of Houghton and Otsego Lakes.

Emmet Lewis of Detroit was here visiting his mother and other relatives, also looking after his business interests.

The president of the Methodist Protestant Conference is here holding the fourth quarterly meeting. There will probably be a change in pastors the coming year.

Mr. and Mrs. Henry Leaman are entertaining her sister and husband Mr. and Mrs. Lee of Cleveland, Ohio.

Mr. Cousart and wife are having an enjoyable visit from his sisters of Port Huron and Detroit.

Mr. E. Cousart has bought the Jas. Kalahar property.

Miss Merle Patterson has returned home after a lengthy visit in Detroit.

Mrs. J. E. Kalahar and sister Miss Elizabeth Daugherty were here over Sunday from Merrill, Mich.

Miss Lola Craven is entertaining Miss Grace Nichols of Bay City.

Mrs. James Tobin is the new clerk at Emmet Lewis' store.

Clyde McDermid of Flint called on Frederic friends last week.

Mrs. McKay who has been on the sick list is much improved.

A Mr. Smith and another gentleman, a travelling missionary spoke in our church.

Mr. and Mrs. Robert Moore of Tawas visited at Charles Horton's over Sunday.

Mr. and Mrs. George Smith, and son Herbert and his wife and children of Flint arrived Monday for their summer vacation.

Mr. and Mrs. Howard Smith of the county seat are here berrying today.

Mr. Menzie, road boss on the highway now occupies the Ed. Barber property.

ELDORADO NUGGETS.

Mr. and Mrs. Morton Kline and daughters, Helen and Elizabeth, of Louisville, Ky., arrived Tuesday to spend the next few weeks at the home of Mrs. Kline's parents, Mr. and Mrs. James F. Crane.

Mrs. L. R. Gile came from Detroit Thursday for a two weeks' visit at the home of Mrs. Mattie Funch.

Mrs. Amy Reinke, daughter of Mr. and Mrs. Wade Houghton, died at Eaton Rapids Friday evening of appendicitis. The funeral was held Monday at 2 p. m. at the family home. James F. Crane is driving a new Buick which he purchased through the Grayling dealer, Marius Hanson.

Mr. and Mrs. Joseph Wagner are entertaining their son, Andrew, of Chicago. He was accompanied by his uncle and cousin, Mr. Joseph Felder and son.

Mrs. I. R. Gile and Mrs. Mattie Funch were Sunday callers at the home of Mr. and Mrs. Ira Robinson of Luzerne.

Miss Lillie Ferguson is here from Hillman visiting her sister, Mrs. R. L. Jackson.

Mr. and Mrs. James F. Crane, Mr. and Mrs. Morton Kline and daughters and Mr. and Mrs. B. Funch and son were very pleasantly entertained at Stephens' Rest Club Sunday by Mr. and Mrs. Frank G. Ingerson.

Julius Kreuzer last week sold his thoroughbred Guernsey breeding sire to Sam Mills of Luzerne.

PROCEEDINGS OF SCHOOL DISTRICT NO. 1.

Grayling, July 9th, 1923.

Proceedings on Annual School Meeting of District No. 1, Grayling Township. Meeting called to order by Dr. C. R. Keyport, president of Board of Education, at 8:00 p. m.

Call for meeting read by secretary. Minutes of last annual meeting read and approved. Estimates of Board of Education for expenses for ensuing year amounting to \$36,000.00 was read and on motion was accepted and adopted. Financial report of Secretary followed. Election of officers was then in order; the chairman appointed A. M. Lewis, and N. Martin tellers. Whole number of votes cast 27 of which M. A. Bates received a majority and he was declared elected to succeed himself. Whole number of votes cast for second trustee 27, of which H. A. Bauman received a majority and he was declared elected to succeed himself. Meeting was opened for discussion of school affairs after which on motion meeting adjourned.
